Ceiling Diffusers

MV Series

The stepped collar design accommodates 6, 7, 8" or 4, 5, 6" round ducts. Unneeded section are removed using tear away bands, no cutting or assembly is required. Cut a 9-1/4" diameter hole in the ceiling, attach the Model MV to ductwork and tighten four screws. Mounting clips rotate into position securing the unit in place.

MV Series Diffusers are manufactured using advanced high grade polymers which will not yellow or discolor. They are resistant to scratching and will never rust.
