CycleMaster Ball Valves

MUELLER®
INDUSTRIES, INC.

Mueller advantages:

- Full port construction from sizes 1/4" through 31/8" to match line size I.D.
- Chromium plated ball reduces frictional wear, extends seal life and is an environmentally friendly component.
- Exclusive MCM™ seals that provide industry leading longevity and immeasurably low leak rates.
- Quick-turn cap provides visual identification of stem position and enhances serviceability in tight spaces.
- Flexible body forging that allows optional surface mount configuration.
- Dual pin stops.
- Optional features include access ports, drilled and tapped, one-piece seal caps and 3-way body styles.
- Compatible with all CFC, HCFC, and HFC refrigerants and oils.
- Wide operating temperature range of -40°F to 300°F, and working pressures up to 700 psig.
- All valves are 100% tested, UL/CUL listed and CE certified.
