

3-DAY COMPRESSOR OPERATION & SERVICE SEMINAR (COSS)

Copeland®

EMERSON
Climate Technologies

The Emerson Climate Technologies Compressor Operation and Service Seminar (COSS) is an intensive and in-depth three-day program that shows you how to adopt proper techniques and practices for the real-world environment with completely updated material and more emphasis on the latest technology. It includes overall system design, field service and troubleshooting skills, the latest Copeland compressor technology and applications, and a valuable failure analysis hands-on tear-down. Results include better customer service, more accurate diagnosis and more effective repairs to eliminate costly callbacks and increase technician productivity.

Course Agenda:

Day 1

- ▶ Good Service Practices
- ▶ System Components
- ▶ Refrigerants and Oils
- ▶ Compressor Fundamentals
- ▶ Motor Applications Electrical Handbook

Day 2

- ▶ Refrigerant-Cooled Compressors
- ▶ Reciprocating/Welded Compressors
- ▶ Scroll Compressors
- ▶ Air Cooled Compressors

Day 3

- ▶ Mechanical Causes
- ▶ Teardown & Analysis Failure
- ▶ Corrections
