RUUD HAS YOUR COMFORT COVERED

The EcoNet® Enabled Ruud® Achiever Plus® Series Two-Stage Air Conditioner offers the solid technology and energy-saving performance you've come to expect from Ruud-brand products. When it comes to quiet comfort—you can relax. We've got you covered!

Ruud.com

ACHIEVER PLUS SERIES UA17

Cooling Efficiencies up to 17 SEER / 13 EER

Quiet & Efficient

Ruud's new air conditioners are engineered to perform both efficiently and quietly, delivering comfort you can count on when you need it most.

Increased Comfort

The Two-Stage Copeland Scroll™ UltraTech™ compressor provides more precise temperature control and humidity levels for increased comfort.

Smart Controls & Alerts

Innovative technology sends you important alerts and reminders to keep your system working at its best. Plus, it's easy to adjust your comfort settings from home or away².

RELY ON RUUD.™

Ruud Philosophy of Reliability

Designed to keep your family comfortable for years to come, Ruud® products are developed using the 360°+1 design philosophy. The Ruud brand strives to deliver the very best homeowner experience by evaluating every detail of the product from every angle. That's 360°+1. And that's why you can rely on Ruud heating and cooling solutions to bring you and your family years of comfort.

The UA17 Achiever Plus® Series Air Conditioner is designed to operate with the EcoNet® Smart Thermostat. This easy-to-use thermostat optimizes system performance and includes great features like:

- Simple scheduling and one-touch energy savings
- Remote access via the EcoNet App
- Important equipment alerts sent directly to your phone or email
- Convenient voice control – just ask “Alexa, make home cooler”³

Reliable & Legendary Performance

The 1 Two-Stage Copeland Scroll™ UltraTech™ compressor makes the Achiever Plus Series as efficient as it is durable. A Single-Stage unit runs at one speed, but the two-stage UA17 modulates between two speeds—high and medium. It will operate on medium speed most of the time, providing more precise temperatures and lower humidity while also reducing energy use. The system only operates on high when necessary during peak, warm weather conditions. The compressor also has 70% fewer moving parts—which means you get a unit that's more efficient and more reliable. The 2 optimized fan orifice contributes to quieter operation, optimal airflow and better overall performance. Simply put, you get efficient comfort that lasts a very long time.

A Quieter & More Durable Unit

It starts with the smart new 3 composite base pan. The design helps eliminate corrosion and adds to quieter performance. Extensive UV testing was done to ensure that the base pan stays looking new for years to come. The improved refrigerant tubing design also contributes to quieter, more reliable operation. For added strength, 4 curved louver panels and 5 rugged corner posts on the exterior do an excellent job of protecting the inside.

Curb Appeal

Looks are not lost on the new Achiever Plus Series. Ruud air conditioners look as good as they operate. Modern cabinet aesthetics allow your unit to put its best face forward, and a powder coat paint system provides a lasting professional finish.

Note: Image above is for feature illustration. Actual unit height may differ.

Benefits At-A-Glance

Cooling Efficiency:
Up to 17 SEER / 13 EER

Sound Level:
Features like the smart new composite base pan contribute to quieter operation

Available Sizes:
2-, 3-, 4- and 5-ton

Compressor:
Two-Stage Copeland Scroll Ultra Tech compressor for enhanced comfort and greater efficiency

Limited Warranty⁴:
Conditional unit replacement—
10 years
Parts—10 years
